29 March 2011

Dear Mr Cyrill Rueede,

We are pleased to confirm that you have set the new Guinness World Record for 'Largest parallel bar class/display' and a certificate to commemorate this is included.

Details of your achievement have been entered into our records as follows:

'The largest parallel bars display was achieved by 343 participants at an event organised by Turnverein Sulz (Switzerland) in Sulz, Switzerland, on 16 May 2010.'

Although the certificate does not automatically guarantee an entry in our world-famous annual book, we do consider all new records for inclusion in all future Guinness World Records publications and products.

As an official record holder, you can request further certificates and find out all about using our logo and trademark to let everyone know about your achievement or for any other commercial purpose. To find out more, please go to www.guinnessworldrecords.com, log in and select claim 235571.

Welcome to the very select club of Guinness World Records holders.

Yours sincerely,

Morgan Wilber
